International Construction Week & BuildXpo 2025

Driving ASEAN's Construction Future Through Innovation and Sustainability

KUALA LUMPUR, 26 Feb 2025 – The International Construction Week (ICW) & BuildXpo 2025, themed “Constructing the Future of ASEAN,” will take place from 28 to 30 October 2025 at the Malaysia International Trade and Exhibition Centre (MITEC), Kuala Lumpur. As the anchor construction industry event for Malaysia’s ASEAN 2025 Chairmanship, ICW & BuildXpo 2025 will spotlight Malaysia and ASEAN’s leadership in sustainability, innovation, and technological advancements, further stimulating the local economy by fostering sustainable and forward-looking construction industry practices.

Overview of ICW & BuildXpo

Hosted by the Ministry of Works Malaysia and Construction Industry Development Board (CIDB) Malaysia since 1998, ICW 2025 marks the show’s 27th edition, reaffirming its status as one of the region’s leading construction industry platforms. BuildXpo, the Malaysia International Building and Construction Industry Showcase, is the official trade showcase of ICW and is jointly organised by CIDB Malaysia and Qube Integrated Malaysia Sdn. Bhd. (Qube), BuildXpo is ICW’s dedicated B2B business matching platform designed to connect construction industry players across Malaysia and the region. While ICW focuses on conferences and knowledge exchange, BuildXpo is a dynamic marketplace where exhibitors present the latest construction technologies, materials, and sustainable practices, fostering high-value business opportunities and collaborations.

Elevating ASEAN’s Construction Industry

In line with the National Construction Policy (NCP) 2030 vision, “Digitalizing the Construction Sector,” the ICW & BuildXpo 2025 aims to propel the industry towards a more progressive and innovative future by 2030, fostering stronger collaboration among ASEAN member nations.

Officiating the ICW & BuildXpo 2025 soft launch today, YBhg Dato' Seri Azman bin Ibrahim, Secretary General, Ministry of Works, underscored the show’s significance:

“As Malaysia assumes the ASEAN Chairmanship in 2025, ICW & BuildXpo 2025 will showcase our leadership in driving a sustainable and innovative construction industry. This show stands as a testament to our collective efforts in addressing regional challenges within the construction landscape and its auxiliary sectors while unlocking new opportunities for growth. We are committed to building a resilient and forward-thinking construction sector for ASEAN.

“I extend my deepest appreciation to the partners who continue to support us like Gamuda – the platinum sponsor of BuildXpo 2024, exhibitors, and delegates who are instrumental in making this event a success,” he added.

YB Ir. Hj. Yusuf Bin Hj Abd. Wahab, Chairman of CIDB Malaysia, highlighted the show's focus on sustainability and digital transformation:

"The construction industry is at a turning point—embracing digital transformation and sustainable practices is no longer optional but imperative. ICW & BuildXpo 2025 will unite industry leaders to explore cutting-edge solutions. With strong participation from ASEAN member countries, this show will strengthen regional ties while expanding opportunities for Malaysian construction firms to compete and thrive in global and emerging markets."

What to Expect at ICW & BuildXpo 2025

ICW & BuildXpo 2025 will feature:

- 350 booths showcasing cutting-edge construction technologies, materials, and solutions
- International Sourcing Program jointly organised with MATRADE whereby buyers from various countries are invited to source for products and services from companies exhibiting in BuildXpo
- Participation from ASEAN member countries, reinforcing ASEAN's role as a hub for construction innovation and growth.
- Industry conferences, roundtables, and forums addressing sustainability, digital transformation, and infrastructure development under the theme "Constructing the Future of ASEAN."

ICW Borneo Edition: Innovative Construction for a Sustainable Future

Expanding its regional impact, ICW 2025 will introduce a Borneo Edition from 13 to 14 May 2025 at the Borneo Convention Centre Kuching (BCKK), Sarawak. This special edition will spotlight Borneo's construction sector, focusing on how mega projects in energy, township development, and infrastructure and public works are advancing economic, environmental and social sustainability in the region. ICW Borneo Edition will feature:

- Exhibition booths featuring innovative solutions tailored to Borneo's unique infrastructure and sustainability needs.
- A 2-day conference, gathering industry leaders to discuss sustainable development and construction's role in regional progress.

Be Part of ASEAN's Construction Future

CIDB Malaysia and Qube invite construction industry professionals, innovators, policymakers, entrepreneurs, students and stakeholders to be part of this transformative journey. Together, ICW & BuildXpo 2025 is poised to facilitate dialogue, collaboration, and business growth to build a sustainable, innovative, and inclusive construction industry—not just for ASEAN but for the global construction industry.
